Report of the Secretary-General

Addendum

1. In the report of the Secretary-General on the implementation of General Assembly resolutions 55/235 and 55/236 (A/67/224), illustrative information was provided in annex III on the effective rates of assessment for peacekeeping for the period from 1 January 2013 to 31 December 2015. Those tables were based on the updated composition of levels of contribution for peacekeeping operations and the regular budget scale of assessments for the period 2013-2015, included in the report of the Committee on Contributions on its seventy-second session (A/67/11), which used the scale methodology employed for the scales of assessments for the periods 2001-2003, 2004-2006, 2007-2009 and 2010-2012 as well as new gross national income and other data.

2. Following the adoption of a new scale of assessments for the period 2013-2015[1] and the endorsement of the updated composition of levels for the period 2013-2015,[2] the effective rates of assessment for peacekeeping in 2013-2015 are set out in the annex to the present report.

Note: Effective rates of assessment for peacekeeping operations shown above are calculated according to the system of adjustments adopted in General Assembly resolutions 55/235 and 67/239 and are displayed at 4 decimal places.

[a] At the time of the adoption of General Assembly resolution 67/239, the Chair of the Fifth Committee and the President of the General Assembly stated that it was the understanding of the Assembly that, on an exceptional basis for the 2013-2015 scale period only, three countries in level B, the Bahamas, Bahrain, and Oman, would be afforded discounts of 7.5 per cent to their assessment rates, that Oman would forgo its transition period, and that these discounts would not cause the aggregate assessment rates for countries in level A over the scale period to exceed their aggregate effective rates as contained in annex III to the report of the Secretary-General on the implementation of General Assembly resolutions 55/235 and 55/236 (A/67/224). See A/C.5/67/SR.22 and A/67/PV.62.

[b] Category H* comprises countries that have voluntarily moved to category H and pay at a level of 30 per cent rather than 20 per cent.
